

Think + Rethink

LANDFILL

Formerly known as TRASH or GARBAGE

Anything that can be neither composted nor recycled.
Examples: plastic cutlery and straws, film plastic, #6 plastics including Red Solo and Starbucks cups.

RECYCLE

Examples: aluminum cans, glass bottles, #1-5 plastics

COMPOST

All food scraps, paper napkins, bamboo skewers, toothpicks

Compostable plates made from 100% plants:
uncoated paper, like Chinet, leaves, bamboo, sugar cane, corn

Clear compostable plastics with #7 PLA symbol

Pizza boxes, paper boats and tissue liners

Still have questions?

Check out this list:

Compostables are hauled by Evanston-based Collective Resource Compost to a commercial composting facility. Home food scrap collection services are also available.

Visit www.collectiveresource.us for more info and to sign up.
